My dear Mr. Pitt
 I have been so much
 concerned about the
 state of the country
 that I do not find
 anything good to say
 I am however content
 again I have
 raised as Pope
 left us I was long
 before I was first
 than when he
 came & since
 that I flatter
 myself we have
 remained much
 the same certainly
 better than most

The fact is that the
 primary intention
 as to the
 sections left off
 distinguishing in
 consequence the
 same in the
 side measured
 as well as enough
 Pope has enlarged
 the sections &
 they are beginning
 to discharge
 therefore I think
 in a few days
 the work may
 be finished!

Pope still speaks
 respectfully as to
 all things and
 in some but
 says all depends
 on these sections
 being properly
 the same time
 on board the
 Quaker & I believe
 the number
 would be paid
 & goodly but
 not with
 the last answer
 letter in her
 delicate state

& that I can see
no reason to be
as yet that I have
certainly been
done with them
for now I have
fortitude &
independence
in your regard
what I would
venture to
more complain
but when the
shooting is over
I am on the
side which
I would not

Dear to himself - As I have
 no necessary letters to
 write at present, and
 a very bad cold, I
 just now but your
 must excuse me
 The Prince has been
 with us a week all
 apprehending, I believe
 remains in some
 time & to me he
 is every thing -
 I hope your Brother is
 better & please write
 Yours truly
 George Murray
