Remarks on the Fourth Dragoons

Officers — Well mounted, & as attentive as possible — Fuzils laid aside, & swords in their place as ordered —

Men — A very good body of Men, well sized, of a proper age, sightly, exceedingly Steady, & ride much better than most of the Regiments in the Service — The Recruits did not appear in the Ranks —.

Horses — In very good order & well shod; those recruited since last Review, have but very lately joined the Regiment, so could not possibly appear in the Ranks —.

Arms — Good and very clean —

Clothing — Well fitted, good and clean —.

Respitts — All submitted to His Majesty as proper to be taken off —

Complaints — None —

Accounts — Some Articles of the Stock purse appear neither clear nor satisfactory to me, any more than to the Comanding Off^r of the Regiment, who never saw any acc^t at all of the kind, till the Evening after Review, when it arrived at Manchester from the Agent in London, just as it is set down in the Return —.

Exercise — There being a large Detachm^t on the smuggling Duty to the amount of two Troops in number, dispersed in very small Bodys in the Town & environs of Carlisle; the Regim^t dismounted, formed in Batt^n went thro' the Manual & Firings, returned to their Houses, & performed the evolutions on Horseback, according to His Majesty's late Regulations two deep only, after which they manœuvred in y^e following manner — Formed six small Bodys in imitation of Squad^s — Formed them in Lines & columns, in oblique & Straight directions — Wheeled the Line — Passed defilees by^s Front & Rear — Formed two Lines, changing & supporting each other alternately thro' the Intervals, advancing & retreating —. Formed one Squad^n of the whole, which made some wheels & charges. — The whole very actively, with proper velocity and the greatest steadiness, attention & Spirit —

This Regiment is perfectly fitt for any immediate service, being in exceeding good order —

Remarks on the Royal Regiment of Invalids

Officers — Attentive —

Men — Of a proper age, clean and steady, rather low —

Exercise — Well, with spirit and regularity; the three Companys at Berwick, march'd by, & rank'd off, went thro' the Manual and fired twelve rounds & man in different positions, after which the Divisions performed some evolutions by files to the Front, Rear, & flanks, but changed their Front first by the oblique step, the situation of the ground making it necessary —. The four companys at Newcastle having march'd by, & rank'd off, manœuvred together with three Troops of Burgoynes Light Dragoons in the following manner, viz: they were formed into two Bodys, the Light Dragoons into 3 Squadrons, who fired on their Flanks thro' the Intervals, and changed back to the same ground, the Infantry then fired by Sub Divisions, reheated, formed one body, gave a general fire, and charged with Bayonetts, dispersed & rallied to the Rear; the Light Dragoons then charged in one Squadron, attacked in Front and Flank, dispersed, pursued, & rallyd —. The two companys at Carlisle were so much dispersed, as to have scarcely a guard left in Town, so that I did not order them out at all —.

Arms — — Clean and in general good —

Accoutrements — Good

Clothing — Well fitted and good —

Recruits — Sightly Young men

Accounts — Clear and satisfactory —

Complaints — The Partys at Allanbay, Workington, Maryport, & Longtown, belonging to the Carlisle Division are now of no use whatever in those Parts, since His Majestys Troops have taken possession of the Isle of Man, and they are very detrimental to the Discipline of the Regiment —. The Sights of the new Firelocks are so ill fixed in, that they frequently fly out, & thereby make it impossible to fix the Bayonetts —

This Regiment in good order, and fitt for Service —

Remarks on the Kings or First Regiment of Dragoon Guards.

Officers — Attentive and well mounted.

Men — Rather tall, sightly, of a proper Age.

Horses — Of a large size and in good order.

Arms. Clean and Good.

Clothing. Well fitted, and good, Hats very well cocked.

Respitts. All submitted to His Majesty as proper to be taken off.

Exercise. — The 6 Troops at York, dismounted, formd in Battalion, went thro' the manual & firings, returned to their Horses, & performd the Evolutions on Horseback &c. according to the late Regulations. The Squadrons then took ground to the Left by Fours, returned to y former grounds by files to the Right and formed. Each Squadron formed in Column by Sub Divisions from its own Center, & formd the Line again to the Front by inclining. Six Squadrons were formd on the march two deep to the Front, advanced, charged, and reheated in Two Lines, and supported each other Alternately. Reduced to 2 Squadrons three deep on the March, kept moving on, each Squadron wheeld to the right & Left about upon its own Center, reheated to the former ground, & in like manner wheeled to its proper front. The Squadrons formed one entire body, charged, wheeled outwards by Squadron from the Center, continued the charge, dispersed, pursued, & rallyd by the Drum's beating on the first ground from whence they first moved. The Detachment from this Regiment equal to 3 Troops was seen at Durham, the men & Horses to all appearance in equal condition with the rest of the Regiment at York.

Accounts — Satisfactory

Complaints — None —

This Regiment is in good order & fitt for immediate Service —

Remarks on the Second Regiment of Light Dragoons.

Officers ---- Well mounted.

Men ------ A Sightly body of Men, Recruits in the Ranks.

Horses ---- Of an active, strong kinds, & in good orders; none recruited since last Review.

Arms ------ Clean and good.

Clothing --- Well fitted, new & good.

Prespitts --- Submitted to His Majesty as proper to be taken off.

Exercise --- The Weather being very bad, & the ground exceedingly Slippery, it was impossible for the Squadron at Lincoln to perform any evolutions on Horseback: they marched well, went thro' the manual with attention and spirit, and there is no reason to doubt of their being well in Squadron —. The Detachment equal to a Squadron, this Day on their march from Newcastle, manœuvred there on the 18th Inst. with exactness and proper quickness, together with four Companys of the Royal Fuzileers in the following manner: Light Dragoons formed on the Right, & Infantry on the Left in Line, marched by Troops & filed off, formed 3 Squadrons, Foot in two Small Bodies, the Light Dragoons fired on the Flanks thro' the Intervals & changed back to the former grounds. The Infantry fired by Sub Divisions advancing, wheeling, formed one Body and after a general fire charged with Bayonetts, dispersed & rally'd in the Rear; the Light Dragoons charged in one Squadron, dispersed pursued and rally'd —

Complaints. None.

Accounts — Clear.

This Regiment in good order and fitt for Service. —
