Dear Daniell,

At length the mail of the sixteenth is arrived and Yours L<sup>o</sup>: 52 and its various enclosures reached me last night. I return the several papers signed: as for the three letters respecting the impediment and infamies Alford have only to observe that I wish to avoid a law suit: but at the same time I should like to print a paper in which this fellow and you will therefore ask Alford what is best to be done: a letter from him might do harm. Alford make him return the Brand: but I should hardly think Alford would recommend proceeding against such a detestable

and contemptible men etc: I am glad you have  
disposed of all the packages which I trust are  
safe: advise and ever believe me,

Yours sincerely  
D. O.  
William
