

Buckingham Palace
 Dec: 4: 1825.

My Dear Lord,

In answer to your
 Lordship's of 20th Dec: from Palmerston
 I am afraid you & the Duke & myself
 - will be most happy to see your Lordship
 and the Countess here whenever convenient.

Lady Russell is also anxious to receive
 you both and probably as you cannot go to
 Italy this time of the year your Lordship and
 the Countess will take beds here and at Windsor
 - here and perhaps at Brighton with the Countess.

...names. It will give me great pleasure to see
Your Lordship in possession of what justice
deserves. I trust you are a good Irishman and
equally attached to the interests of Hibernia
the you are an Orange Man and I am a Ca-
tholic.

The Dutch has written with me most cordially
and kindly in every good wish towards yourself
and the Countess time here remembers me partic-
-ularly. The manner we see you both the better
and more believe me,

My Dear Lord,
Yours ever affectionately
