

Enclosure to July 26th 1812

[July 24 1812]

Reasony Chambers

My Dear Madam

You must not fancy that
I have neglected you.

Lord Liverpool & I talked
the subject over yesterday, & his
anxious wish has been to devise
a mode of giving you £2000 per.

I fear that the enclosed will show
that it is impossible. I have read
Adam's letter, who had not looked
into the whole of the case, near much
as

as he had totally overlooked the
act of last year which makes all
the difficulty.

Tomorrow I will see you when
I when you like, I shall presi-
-ently have again letters to Lord
Liverpool. For the reasons you
state it is indeed most desirable
that you sh^d have the whole
Pension free from deduction, &
I scarcely see how it can be done.

Yrs most truly
A. Pitt Rivers
