My dearest Son. I feel very reluctant to break in upon  
the few moments ~~of~~ of Liberty You can enjoy in  
the present times, but necessity forces me to inform  
You, that the endless inquiries for a Drawingroom  
next Thursday are so frequent, that I am of opinion  
it would be better to fix it at once for the 18<sup>th</sup>,  
for I understand that many People still intend  
remaining in Town for the sake of being present.  
Should this meet with Y<sup>r</sup> approbation You will  
be so kind as to Order it to be put in the Gazette  
for next Saturday.

When will You be out of all Y<sup>r</sup> Trouble & anxiety?  
Night & Day I think of You & still Hope all will  
go well, & believe me it never can turn out better  
than what are the wishes of

Windsor

the 11<sup>th</sup> June.

Your ever affectionate Mother & Friend  
Charlotte

pray let M<sup>r</sup> Mahon answer  
yes or no.
