(Two inclosures)

Sir

I have the Honor to enclose
Returns of the French Artillery-Officers
& Engineers whom, in consequence of
your permission, I have attached to
the Service of this Army. The establish-
ment of daily Pay upon which I have
placed them, is therein specified. The
number sent from Flanders being greater
than I expected, I have endeavored
to counterbalance that circumstance,
as far as it relates to expense, by
fixing the several allowances upon a
low scale. I flatter myself, Sir, that

you will think them very moderate: and
I have the satisfaction to assure you that
the Officers in question are perfectly
grateful for being put upon such
a footing.

I learn from the Comte
de Keglervicz that above thirty more
French Officers of artillery are under
orders to embark with the Austrian
Hapsburgs. Permit me, Sir, to entreat
the Honor of your instructions whether
they shall be put upon the List.
They may undoubtedly be employed so
as to be of considerable service, if we
have the good fortune to penetrate into
France; tho' they cannot be stated
as absolutely necessary, after the number
already enrolled, in the earlier stages

of enterprise.

I have the Honor to be
Sir, with great respect
