July 26

my Dear Jack

94.

As I find there is, some
mat, intended - as to our opinions,
I think it right to inform you,
that your purchase of wood
is not, ready to buy any or less.
It becomes, necessary, to consult you,
as the wind is come to the South,
therefore I beg when you come

to any other direction, I beg to be
informed of your future motions.

yours
most sincerely
my Dear Commodore

Clement
