Dear Brother,

I am very busy at the day I forget  
to write, and trust your friends help me will pardon my  
neglect: it is impossible for me to have any idea of what  
is of the business of mine nor indeed do I mean to take  
any steps till I hear either from you or of you by  
a third person. I am in haste so cannot write for the  
present and ever believe me,

Yours sincerely  
J. M. W.
