My dearest brother

William will by this time be in England  
& I hope wont forget to beg of you to use your  
interest with my Mother that she should take  
a good resolution to come here it would  
be a great comfort to me as I do not see  
any likely hood of our coming to England  
M<sup>r</sup> Fritiger our minister is dead & his  
daughter has desired to interceed with you  
that she may have promise to be charming  
in one of your Convents where they are not too  
rigid after the family I have made some  
write to Manichausen to acquaint him &  
about their family I am ashamed to trouble  
you about such nonsense but you have bid  
to refuse it which will convince them  
that I have done what I could for them I ever  
am my dearest brother

your Majestys most  
dutiful subject & sister  
Augusta
