to Oakland

My dear Brother I find this has been a very  
unpleasant day full of commotion & very  
noisy in this bed - He eat his dinner  
better than usual, but since 4 o'clock  
has been in very ~~unpleasant~~ and violent  
at times that it has been fortunate  
he was in bed for land he has  
not returned I must likely would  
have been occupying the hospital as well  
at 9 o'clock & was still asleep  
when we received our last account
